"Omega Systems' project planning is PHENOMENAL. When things happen at a planned pace with no surprises... I consider that the best customer service."

- David Sweigert,
Tech. Director at Derry Twp. SD

"Omega Systems always looks at the situation from different angles, carefully thought out, and provides realistic solutions to real problems. I wouldn't want anyone else doing the implementation because I know it's done right the first time every time!"

- Todd Krock
Director of IT at Renaissance Academy

"From concept to completion, Omega Systems consistently meets our expectations for all of our projects and purchases."

- Bob Cywinski
Tech. Infrastructure Admin. at
Spring-Ford Area SD
